Policy Number

Expiration Date

Junior/Senior Off-Campus Driving Privilege:

- My student has standing permission to drive off of campus after signing out in the office, during times allowed by the school (Periods 2 & 3 Study Hall).
- My student does not have standing permission to drive off of campus during times allowed by the school, unless I have been contacted and have given direct permission for each request.

Note: There is no standing permission for students to leave campus as passengers in student-driven cars during school. Junior/Senior passengers must get direct parental permission for each request. Freshmen/Sophomores are not allowed to drive off of campus during the school day, or ride as passengers. St. Monica Academy may revoke this off-campus privilege for logistical, disciplinary, or safety reasons, at any time.
